

VILIZAR DENICHIN

+44 7944 099422 | denichinv@gmail.com | Dunstable, Bedfordshire, UK

Available for: Remote, On-site (London & Bedfordshire), Hybrid

Front-End Developer | React Developer

PROFESSIONAL SUMMARY

Front-End Developer specialising in React and TypeScript with proven experience building responsive, accessible, user-centric web applications. Strong background in component-based architecture, state management, and REST API integration. Experienced with CI/CD pipelines, automated testing, and performance optimisation, following clean code and modern front-end best practices.

TECHNICAL SKILLS

Portfolio: vilizar.dev | GitHub: github.com/denichinv (15+ repositories)

- **Frontend Technologies:** React | TypeScript | JavaScript (ES6+) | HTML | CSS | Tailwind CSS | SCSS
- **Tools & Testing:** Git | GitHub | Vite | Webpack | npm | ESLint | Vitest | Jest | React Testing Library | Playwright
- **APIs & Data Handling:** REST APIs | API Integration | JSON | Asynchronous JavaScript
- **Practices & Methodologies:** Responsive Design | Accessibility (WCAG) | CI/CD | Agile / Scrum

EDUCATION & CERTIFICATIONS

Web Development | SoftUni Global **January 2024 – April 2025**

Programming Fundamentals with JavaScript, Programming Basics with JavaScript, Data Structures & Algorithms

Web and Software Development Program | ITonlinelearning Ltd. **February 2024 – March 2025**

React Essentials, JavaScript Essentials, Tailwind CSS, SQL Essentials, Git & GitHub

PROJECTS

Euphoria Wellness Studio - Business Website

React | TypeScript | Tailwind CSS | Vite | Vitest | React Testing Library | Netlify Forms

Live Demo: euphoria-wellness.com | GitHub: github.com/denichinv/euphoria-wellness-studio-bg

- Developed a production-ready website for a boutique wellness studio, focused on delivering a clean and intuitive user experience.
- Built a fully responsive interface optimized for mobile, tablet, and desktop using modern CSS and component-based architecture.
- Implemented bilingual support (BG/EN) using a structured translation approach to improve accessibility for a broader audience.
- Integrated Netlify Forms for contact handling and lead generation without requiring a custom backend solution.
- Implemented unit and component tests using Vitest and React Testing Library to ensure reliable UI behavior.

DevQuiz - Developer Knowledge Assessment Tool

React | TypeScript | SASS (SCSS) | QuizAPI.io | Vite | Vitest | Playwright | React Testing Library | GitHub Actions

Live Demo: dev-quiz-v.netlify.app | GitHub: github.com/denichinv/quiz-app

- Built a multi-stage quiz application in React and TypeScript, guiding users from quiz setup through completion using reusable components.
- Integrated an external Quiz API with asynchronous data fetching, handling loading and error states while calculating scores as users progress through the quiz.
- Wrote unit, integration, and end-to-end tests using Vitest, React Testing Library, and Playwright, achieving ~90% test coverage.
- Set up GitHub Actions workflows to automatically run tests, validate coverage, and execute end-to-end checks on every push.

CineVault - Movie Library App

React | CSS3 | TMDB API | Vite | Vitest | Playwright | React Testing Library | GitHub Actions

Live Demo: cinevaultmoviesapp.netlify.app | GitHub: github.com/denichinv/CineVault

- Built a movie discovery application in React using the TMDB REST API, allowing users to browse popular, top-rated, and upcoming movies.
- Implemented client-side filtering and sorting by rating, release date, and title using React hooks and component-level state.
- Designed a responsive interface with loading states to provide a smooth browsing experience across devices.
- Established automated testing workflows achieving 95%+ coverage with consistent CI/CD build validation

WORK EXPERIENCE

Warehouse Operative

Amazon

Present

July 2019 –

- Managed cross-functional teams in fast-paced warehouse operations, applying agile principles to optimize workflows and meet operational deadlines
- Resolved stock discrepancies through analytical problem-solving and improved tracking processes, increasing inventory accuracy by 15% and reducing data entry errors.

Security Guard

Abadon EOOD

January 2018 – May 2019

- Responded to security incidents with rapid decision-making in high-pressure, safety-critical environments
- Collaborated with local authorities to maintain public safety standards and resolve customer complaints effectively
- Documented incident reports and maintained detailed logs, contributing to continuous security improvement initiatives

Beach Attendant & Supervisor

Sea Colony Beach Resort

June 2016 – September 2018

- Supervised junior staff and coordinated beach safety operations for 300+ guests weekly in a fast-paced tourist environment
- Enforced safety protocols and delivered customer service excellence, maintaining consistently positive guest feedback
- Conducted risk assessments and emergency response procedures, ensuring zero safety incidents during tenure

Fitness Coordinator

Central Fitness and Aerobics

December 2016 – March 2017

- Designed personalized wellness routines for over 40 clients, helping improve average fitness assessment scores by 15%.
- Promoted long-term engagement, resulting in 20%+ membership retention improvement over a 3-month period.
